Directors Message

The media has widely reported that the President's proposed 2018 budget will include a 95% decrease for the Office of National Drug Control Policy (ONDCP) which includes the elimination of funding for the Drug Free Community (DFC) and High Intensity Drug Trafficking Areas (HIDTA) programs. These reports appear to be based upon an internal OMB budget memo that justifies the proposed cuts by saying that the programs are "duplicative of other efforts across the Federal government and supplant State and local responsibilities". To say the least, this news is very concerning.

As troubling as the potential loss of $3.475 million in HIDTA funding and over $1 million in DFC funding locally, it is important to keep in mind that this is only a proposal that has been floated by OMB. The President's official budget is due to be released later this month and things may change. It is also important to remember that the President's budget is a request and that Congress is the body that will actually determine the program's funding levels for 2018. The same media stories that reported the proposed cuts also pointed out that the DFC and HIDTA programs have historically enjoyed congressional support.

In line with the topic of excellent work and tremendous outcomes, the Oregon-Idaho HIDTA and Oregon Narcotics Enforcement Association (ONEA) Executive Boards are once again pleased to announce that they will be accepting nominations for drug enforcement team/task force and individual Oregon-Idaho HIDTA & ONEA awards. The purpose of the Oregon-Idaho HIDTA & ONEA Awards Program is to recognize drug enforcement teams/task forces and individuals whose work has contributed to the goals and objectives of the Oregon-Idaho HIDTA Program and ONEA.

A complete list of the awards, the criteria as well as the nomination procedures have been posted on the Oregon-Idaho HIDTA web site - www.oridhidta.org - as well as the ONEA website – www.onea.org. Award nominations are due by close of business on Monday, June 26, 2017 and are to be sent electronically to me at chris.r.gibson@state.or.us. Awards will be presented to the winners during the ONEA Training Institute which will be held at Eagle Crest July 18-20, 2017.

Please consider submitting a nomination for a deserving team or individual. Please call or e-mail me if you have any questions about the Oregon HIDTA & ONEA Awards Program, the categories, criteria and/or the nomination process.

I will keep everyone up to date as additional HIDTA information becomes available. In the meantime, you are always welcome to send me an e-mail or give me a call.

Chris Gibson
Oregon-Idaho HIDTA Director

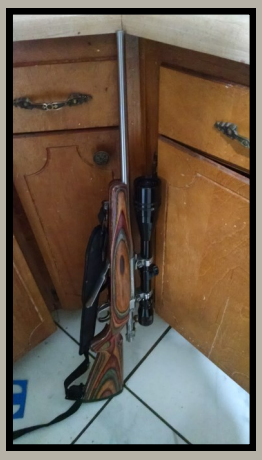
BENT Blue Mountain Enforcement Narcotics Team

♦ On January 18, 2017, the Blue Mountain Enforcement Narcotics Team (BENT), assisted by the Milton Freewater Police Department and the Oregon State Police SWAT team, served a narcotics search warrant at a local drug house in Milton Freewater, OR.

Ten subjects were taken into custody on drug and weapon related charges. Evidence associated with drug trafficking such as scales, packaging material and U.S. currency were seized during the course of this investigation.

The two primary suspects are Terry Diaz and Salvador Duran Saucedo Jr. They have each been charged with Frequenting a Place Where Controlled Substances Are Used, Possession of a Controlled Substance (Methamphetamine), and Delivery of a Controlled Substance (Methamphetamine).

The arrests are the result of a six month investigation focused on multiple subjects involved in illegal drug trade in the Umatilla County area. BENT and the Umatilla County Sheriff's Office are continuing the investigation into a large amount of stolen property located within the residence as well as several firearms related offenses.



♦ On February 20, 2017, BENT concluded a several month multi-state narcotics investigation when an OSP K-9 Trooper stopped a 1999 Ford Expedition eastbound on I-84 near MP 71 for a traffic violation. The two occupants were identified as being from Tijuana, Mexico.

During the course of the contact, the Trooper suspected the occupants were involved in criminal activity. Occupants of the vehicle provided consent to search the vehicle.

Four large packages of suspected methamphetamine were discovered inside the vehicle in a cardboard box. The total approximate weight of the seized narcotics was 13.2 pounds.

CODE Central Oregon Drug Enforcement

♦ During the first quarter of 2017, the Central Oregon Drug Enforcement team executed two narcotics related search warrants after a several months long investigation involving the distribution of multiple opiate and stimulant analogs, to include fentanyl and heroin. On January 25, 2017, detectives assigned to the CODE team executed a search warrant at 724 NW Broadway Street #3. Michael Bandurian and Jeremy Haller were contacted at the location, taken into custody without incident, and lodged at the Deschutes County Jail.

Evidence seized during the search warrant consisted of user amounts of heroin and methamphetamine, scales, and packaging materials.

On January 30, 2017, CODE detectives executed a related search warrant at 60045 Turquoise Road. During this second search warrant, Shane Michael Dibavand and Lisa Marie Hall were contacted and arrested without incident. They were transported and lodged at the Deschutes County Jail on various charges.

Bandurian

Haller

Evidence seized during this search warrant included over 10 grams of powdered fentanyl, over 100 grams of steroids, MDMA, user amount of methamphetamine, scales, and packaging materials. Investigators also seized numerous prescription pills and a substantial amount of powdered substances that have not been identified at the time of this release.

CODE investigators determined Dibavand was purchasing fentanyl and other synthetic controlled substances from China. Dibavand and Bandurian both mixed different combinations of controlled substances before repackaging and selling them in the Central Oregon area. Dibavand used computer devices to complete his narcotics related crimes, as well as money laundering.

The U.S. Department of Homeland Security Investigations, United States Postal Inspector, and the Bureau of Alcohol, Tobacco and Firearms provided valuable assistance in this investigation.

Dibavand

Hall

♦ In late January 2017, CODE detectives learned Christopher Deck had obtained a handgun from a local firearm retailer utilizing a third person that made a legal purchase. This third person then unlawfully transferred the gun to Deck. Deck is not 21 years of age, which is the minimum age required to legally purchase a handgun.

During the investigation, CODE detectives also determined Deck was distributing large amounts of Xanax pills in the Central Oregon area.

On February 25, 2017, the CODE team arrested Christopher Charles Deck near Jimmy John's (625 SE Powerhouse Road) in Bend, OR after a short term investigation involving Deck unlawfully obtaining a firearm and the unlawful distribution of Xanax prescription medications. The CODE team followed up the arrest with a search warrant that led to the recovery of a handgun, over 700 Xanax tablets, digital scales, packaging material, and U.S. currency.

The Bureau of Alcohol, Tobacco and Firearms and Explosives (ATF) provided assistance to CODE detectives during this investigation.

CODE continued on page 4

CODE continued ....

- On March 2, 2017, the CODE team executed a search warrant at the Cascade Lodge Motel #24. Kristina Louise Paulsen and Tyler Paul Valdez were contacted in the motel room, taken into custody, and lodged at the Deschutes County Jail on various charges.

Evidence seized during this search warrant consisted of over one ounce of heroin, user amount of methamphetamine, user amount of Xanax, scales, packaging materials, and one handgun.

Later on this same date, CODE detectives and officers from the Bend Police Department were in the process of executing a related search warrant at Mountain Glen Townhomes #50, when David Bradley Mershon, Jeremy Tyler Hood, and Christopher Jason Aviles were observed leaving the apartment. They were contacted and detained while the search warrant was executed. User amounts of heroin were seized during the execution of this search warrant. Mershon, Hood, and Aviles were arrested and lodged at the Deschutes County Jail on various charges.

Top, L-R) Kristina Louise Paulsen, Tyler Paul Valdez, Jeremy Tyler Hood
(Bottom) David Bradley Mershon, Christopher Jason Aviles
(Deschutes County Jail photos)

- On March 22, 2017, after a month long investigation into the criminal distribution of methamphetamine in the Central Oregon area, members of the CODE team, assisted by a Bend Police Officer, conducted a traffic stop on a 1978 Ford van near the intersection of Pettigrew Road and Thomas Drive, in Bend, Oregon.

Jason Johnson was the driver of the van and only occupant in the vehicle.

Investigators had observed him leaving 1881 NE Moonglow Court and arranged the traffic stop. Investigators seized over an ounce of methamphetamine from Johnson's vehicle.

Later on this same date, CODE detectives executed a search warrant at 1881 NE Moonglow Court. Judith Flanders was contacted and detained. Methamphetamine related charges are pending. Investigators seized just under two ounces of methamphetamine, currency, scales, drug records, and packaging material from the residence.

During the search warrant execution, Preston McNeely arrived at the residence. He was found to be in possession of over two ounces of methamphetamine. McNeely was taken into custody and lodged at the Deschutes County Jail.

CCITF Clackamas County Interagency Task Force

During the 1st quarter of 2017:

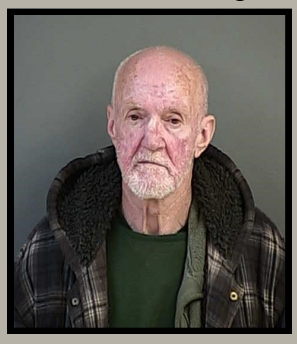
- CCITF utilized a Confidential Informant (CI) to conduct a buy bust on a local methamphetamine dealer. The dealer brought counter surveillance with him. CCITF was able to identify and contact the subjects. All three suspects were arrested and 21 ounces of methamphetamine was seized.

- CCITF investigators arrested a methamphetamine dealer who offered to order from his/her source of supply (SOS). CCITF arranged for the CI and SOS to meet, at which time the SOS was arrested. The SOS gave investigators consent to search his residence where a loaded Glock 9mm was found on top of scales near a large safe. A search warrant was granted for the safe. Two firearms and 1.4 pounds of methamphetamine were seized.

- CCITF investigators responded to a heroin overdose death investigation. Investigators arrested six subjects in the supply chain and seized over two pounds of heroin.

DINT Douglas Interagency Narcotics Team

♦ On January 11, 2017, the Douglas Interagency Narcotics Team (DINT) conducted a surveillance operation of a suspected drug house near an elementary school in Roseburg, leading to the arrests of several suspected methamphetamine dealers and a raid of the residence. Detectives first arrested Robert Steven Lewis after observing him visit the drug house and come away with approximately 15 grams of methamphetamine, some of which was already packaged for sale.



Lewis

Galaktionoff

DINT detectives then observed Mike Galaktionoff use a bicycle to make a delivery between the drug house and a parked vehicle. A search of the vehicle resulted in the seizure of an eight-ball of methamphetamine and the arrest of the two occupants, Paul Kleeber and Renita Clark.

Galaktionoff had been a runner for the primary suspect, Ronald House, who also tried to flee the area on a bicycle but was apprehended while trying to dispose of about .7 grams of methamphetamine and $958 in cash. Galaktionoff was later arrested for Unlawful Possession and Delivery of Methamphetamine Within 1000' of a School.

Kleeber

House

DINT served a warrant to search House's nearby residence and seized 18 grams of methamphetamine, bringing the total seizure to approximately one and a half ounces of methamphetamine. House's girlfriend, Heather Schuster, was cited for possession of methamphetamine. House was charged with multiple counts of Possession and Delivery within 1000' of a school and has been sentenced to 20 months in prison.

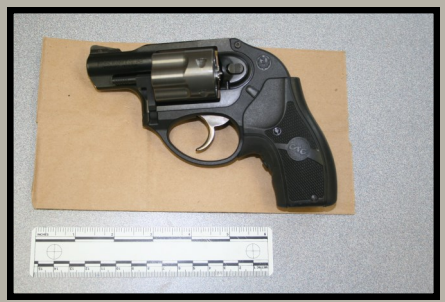
♦ In January 2017, DINT initiated a surveillance operation involving several subjects believed to be obtaining methamphetamine from Ricky Lavrar and heroin from Benjamin Bass. The surveillance led to the arrests of Nicole Norton, Justice Black, and Sarah Chastain on charges ranging from parole violation to delivery of heroin and Suboxone.

The investigation resulted in the raid of a Roseburg residence, pursuant to its identification as a drug-house frequented by Lavrar. A search warrant was served on the evening of January 27, 2017, resulting in the arrests of several ancillary customers and the seizure of two firearms. Daniel Lynn was arrested for Unlawful Possession and (Attempted) Delivery of Heroin, along with charges of Violation of Restraining Order and Unlawful Possession of Firearm. Two other men, Chris Hastings and Jimmy Lane, were charged with probation violation and unlawful possession of Methamphetamine.

On February 12, 2017, DINT contacted Ben Bass , who was in possession of 21 grams of heroin and a laser-sighted revolver. On February 14, 2017, DINT arrested Ricky Lavrar for two counts each of Unlawful Possession & Delivery of Methamphetamine, and Unlawful Possession and Delivery of Heroin. In total, 35.5 grams of Methamphetamine, 26.5 grams of Heroin, 15 units of Suboxone and three firearms were seized pursuant to this investigation.

Lavrar

Bass



DINT continued on page 7

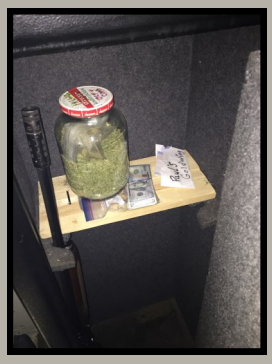
DINT continued ....

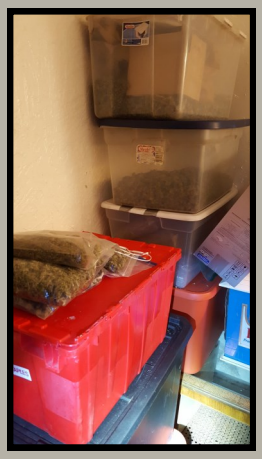
Coome

Thompson-Ross

♦ On February 8, 2017, DINT assisted the Douglas County Sheriff's Office with the investigations of three residential burglaries that had occurred in the Elkton and Scottsburg areas of western Douglas County. The investigation revealed that the stolen property had been traded in exchange for narcotics at a residence in rural Wolf Creek, in neighboring Josephine County.

DINT obtained a warrant to search the home of Bruce Wayne Coome on Lower Wolf Creek Road and served the warrant on February 16, 2017 with the assistance of the Rogue Area Drug Enforcement (RADE) team of Josephine County.





The search of Coome's property resulted in the seizure of several items DINT identified as stolen from the Douglas County burglaries. The raid also resulted in the discovery of small amounts of methamphetamine and heroin, some of which was found in a child's bedroom, along with several pounds of marijuana, 15 firearms, over $27,000 in cash, and an explosive device that had to be dismantled by the Oregon State Police Arson & Bomb Squad. Coome and his girlfriend Rashelle Thompson-Ross were arrested and lodged in the Josephine County Jail.

♦ On February 24, 2017, DINT opened an investigation into Jonathon Calderwood based on a report he was in town from Albany, OR with an arrest warrant and a firearm. Calderwood was believed to be with Kaysha Richardson, who also had outstanding local arrest warrants. The investigation revealed Calderwood had provided a false name to a sheriff's deputy on February 3, 2017 pursuant to a traffic stop in which heroin had been seized.

Calderwood

Richardson

On February 28, 2017, DINT identified Richardson's vehicle and conducted a traffic stop in which Calderwood again tried to give a false name. Calderwood was arrested on his outstanding warrant and found to have 27 grams of methamphetamine, 14 grams of heroin, and $3,500 cash concealed. Richardson was also arrested on outstanding warrants and found to have 3.4 grams of heroin concealed on her person. DINT obtained a warrant to search Richardson's vehicle and seized a loaded pistol from underneath Calderwood's passenger seat. In the trunk, a bag identified as Calderwood's contained a stolen Kel-Tec rifle, a second 9mm pistol, and 56 grams of methamphetamine. Another bag, identified as Richardson's, contained 18 grams of methamphetamine and 11 grams of heroin.

On March 3, 2017 DINT identified a residence on Melody Lane as the place Calderwood and Richardson had been staying, and served another search warrant that resulted in the arrest of Tyler Cox for possession of methamphetamine, heroin, and being a felon in possession of a (stolen) firearm. Two of Cox's associates, Jessica Hill and Christa Hermanson, were also arrested and charged with possession of methamphetamine.

Hermanson

Theall

During the search of the residence, the bedroom being used by Calderwood and Richardson was found to contain evidence of their trafficking, such as packaging materials and digital scales. In another room, that was identified as belonging to Andrea Anderson and Clinton Theall, detectives located approximately 4.6 grams of heroin, separately packaged. DINT located and arrested them on March 23, 2017.

HIT HIDTA Interdiction Team

♦ On February 23, 2017, HIT members were working criminal interdiction at the Portland Greyhound station. Investigators were focusing their efforts on the bus that originates from Los Angeles, CA and stops in Portland, OR. This is a common drug trafficking route for methamphetamine, cocaine, and heroin traveling to the Portland metropolitan area.

After passengers exited this bus, investigators approached a male seated on a bench with a duffle bag under his feet. They asked the subject if they could deploy a narcotics K9 on his duffle bag. The male gave consent, the K9 was deployed on the bag and alerted to the odor of narcotics emanating from the bag.

Officers gained consent to search the bag and noticed a small amount of clothing and two pair of women's "wedge heels" inside the duffle bag. The male admitted he was traveling alone. Investigators noted one of the shoes had glue residue in between the bottom of the shoe and the heel. The subject gave consent to peel the shoe open. Inside, officers located approximately one pound of heroin.

Upon opening the other shoes, officers located over four pounds of heroin in total.

Investigators arrested and interviewed the subject who admitted he was transporting the heroin for distribution in the Portland area.

♦ On March 2, 2017, members of HIT were working criminal interdiction at Amtrak Union Station in Portland, Oregon. Investigators contacted a passenger traveling under suspicious circumstances. The passenger was traveling a known drug trafficking route from the Midwest to the northwest United States. The passenger gave officers consent to deploy a narcotics K9 on the luggage in his possession. Upon receiving a positive alert for the odor of narcotics emanating from the passengers luggage, officers applied for and received a search warrant for the luggage.

Officers located approximately $44,000 in U.S. currency inside of the luggage. The U.S. currency was vacuum sealed, wrapped in a plastic bag, wrapped in a tie-dye T-shirt, vacuum sealed again, and placed inside of a Recon Sox X-Box headset box before being wrapped in wrapping paper.

The subject admitted they were intending to use the money to purchase marijuana from Oregon for shipment to and re-sale in Minnesota.

MCSO Dangerous Drug Team

- On February 22, 2017, MCSO DDT deputies seized nearly 100 pounds of methamphetamine worth more than $2 million from two homes in Portland and Gresham, resulting in the largest drug seizure in the agency's history. MCSO DDT also seized almost 2 pounds of heroin, pills, a handgun and nearly $30,000 in cash.

Three people face drug and gun allegations after MCSO DDT investigators served search warrants at a house in the 4000 block of Southeast 104th Avenue in Portland and an apartment in the 1700 block of Southeast Orient Drive in Gresham.

It is estimated that the methamphetamine seizure is equal to about 50,000 doses. The methamphetamine was imported from Mexico, likely in liquid form, and then converted to crystal in the Gresham apartment. The drugs were sold locally down to ounces.

Alfredo Narcisco Pineda, 34, of Portland; Alejandro Lopez Gonzales, 25, of Gresham; and Celso Marroquin Benitez, 39, of Portland were booked into the Multnomah County Jail on drug charges. Narcisco Pineda also faces charges of felon in possession of a firearm.

Narcisco Pineda

Lopez Gonzales

Marroquin Benitez

USMS Fugitive Task Force

♦ On January 25, 2017, Jared Abernathy was wanted for Aggravated Murder in the 1st Degree by the Mason County Sheriff's Office in Shelton, WA. Abernathy was the suspect in a double homicide that occurred on January 24, 2017, where one of the victims was his estranged wife who was an employee with the Washington State Department of Corrections.

Abernathy

The U.S. Marshals Fugitive Task Force immediately joined the Sheriff's office in the search for the suspect. Investigators learned Abernathy fled to Kennewick, WA. On January 24th investigators traveled to Kennewick and joined forces with the U.S. Marshals there. The following day task force members determined Abernathy had traveled to Pendleton, Oregon and were able to locate him at a local area motel.

A standoff ensued for approximately 5 hours. The U.S. Marshals were joined by investigators from Pendleton Police and the Oregon State Police S.W.A.T.

Negotiators attempted to convince Abernathy to peacefully surrender but were unsuccessful. S.W.A.T. breached the motel room and found Abernathy deceased upon making entry. Abernathy appeared to have died from a self-inflicted gunshot wound.

♦ On February 12, 2017, the USMS Fugitive Task Force arrested Franklin Aaron Bearcub at a motel near Southeast 92nd Avenue and Stark Street in Portland, OR. Bank robbery charges are pending with the U.S. Attorney's Office in Oregon. Bearcub is suspected of robbing six Portland banks between January 4, 2017 and February 11, 2017.

Bearcub

Portland police and the FBI Safe Streets Task Force identified Bearcub as the suspect and learned that he had an outstanding federal parole violation warrant on an original charge of bank robbery. The USMS Fugitive Task Force was requested to locate and arrest Bearcub, which was successfully done without incident within a week. The robberies are believed to be the funding source for his drug addiction.

♦ On March 19, 2017, police in Vancouver, WA were called to a residence for a report of shots fired. When officers arrived, they found two deceased males who died of gunshot wounds. On March 24, 2017, the Vancouver Major Crime Unit identified the suspected shooter as Arkangel Howard, age 31, and requested the assistance of the USMS Fugitive Task Force to apprehend him.

Howard

During the course of the fugitive investigation, task force members were able to check several locations associated with Howard.

On March 30, 2017, he was observed outside a residence in Portland, OR. After he went back inside the location, USMS personnel were assisted by the Portland Police SERT to make the arrest without further incident.

USMS continued on page 11

USMS continued ....

Stafford

♦ On March 25, 2017, the USMS Fugitive Task Force arrested Thomas Elliott Stafford, a suspect in the strangulation death earlier in the month of a man near Mississippi's Gulf Coast. Stafford was arrested outside of a residence in the 1800 block of SW Alder Street in Portland, OR.

Stafford was wanted in the killing Jerry Floyd Kirkendall. The body of Kirkendall, an Indiana resident, was found on March 20, 2017, in the unplugged freezer at the home he was renting in Latimer, Mississippi. Kirkendall was last seen March 3, 2017.

Stafford is suspected of taking Kirkendall's 2001 gold Cadillac Seville SLS and then selling it to a cousin on March 5, 2017 in Mount Vernon, Alabama for cash and a 9 mm Taurus handgun. During the investigation it was determined that Stafford took a Greyhound bus to Portland, Oregon. After his arrest, the 9mm handgun was also recovered. At the time of his arrest he was also wanted for a probation violation warrant.

TRAINING INITIATIVE

♦ During the 1st quarter of 2017, the HIDTA Training Initiative the following courses:

-Cell Phone Forensics by MSAB (Salem) – 14 students
-Enhanced K9 Detection (Springfield) – 22 students
-HIDTA 101 (Salem) – 19 students
-PMP Orientation (Albany) – 3 students
-DEA Basic Investigator's Course (Salem) – 39 students
-Excel For Public Safety (Salem) – 19 students

Additionally, the initiative funded students who attended the following courses outside the region:

Cellebrite, WebPMP, and HIDTA survey training.
