Initiative Activity

Director's Message

In addition to conducting the impactful investigations which are detailed in this newsletter, the first quarter of 2023 was spent preparing the 2022 Annual Report, the 2024 Threat Assessment, and 2024 Initiative Budget Description Proposals (IBDP) and line-item budget requests. All of the current initiatives presented their reports and proposals to the appropriate Executive Board committees for consideration. After having to make some very difficult funding decisions, the committee recommended a balanced \$4.229M budget which the Executive Board approved on May 25th. That package will be sent to the Office of National Drug Control Policy (ONDCP) for further review and approval by June 15th. Copies of the 2022 Annual Report and the 2024 Threat Assessment will be posted to the Oregon-Idaho HIDTA website - www.oridhidta.org – in the reports section also by June 15th. Thank you to everyone who was involved in the process this year!

In addition to closing the 2022 and opening the 2024 budget processes, the Oregon-Idaho HIDTA submitted four 2023 discretionary fund proposals totaling \$660,285. Two of the proposals are for drug demand reduction education projects, one is for investigative equipment, and one is to continue to provide analysts to support firearms tracing and forensic ballistic analysis efforts in Oregon for guns seized by HIDTA initiatives.

Nearly 100 drug task force commanders and personnel from Idaho, Oregon and Washington came together in Pendleton on May 22-24 for a Tri-State Narcotics Unit Supervisors and Commanders Summit. The summit was designed to enhance the effectiveness and efficiency of all who participate and the investigative teams that they work with. Summit attendees received relevant trade based and leadership training and also had the opportunity to exchange case related information and to network. The event was co-sponsored by the Oregon-Idaho and the Northwest HIDTA programs as well as the Washington State Narcotics Investigators Association (WSNIA).

Finally, the Oregon-Idaho HIDTA and Oregon Narcotics Enforcement Association (ONEA) Executive Boards are accepting nominations for drug enforcement team/task force and individual Oregon-Idaho HIDTA & ONEA awards. The purpose of the Oregon-Idaho HIDTA & ONEA Awards Program is to recognize drug enforcement teams/task forces and individuals whose work has contributed to the goals and objectives of the Oregon-Idaho HIDTA Program and ONEA.

A complete list of the awards, the criteria, the nomination procedures and nomination forms have been posted in the 'Awards Program' section of the Oregon-Idaho HIDTA web site – www.oridhidta.org/awards-program - as well as the ONEA website in the 'ABOUT' section – www.onea.org/about/annual-awards . Award nominations are due by close of business on Friday, June 9, 2023, and are to be sent electronically to me at chris.gibson@dpsst.oregon.gov Awards will be presented during a ceremony at the ONEA Training Institute on July 11, 2023.

BLUE MOUNTAIN ENFORCEMENT NARCOTICS TEAM

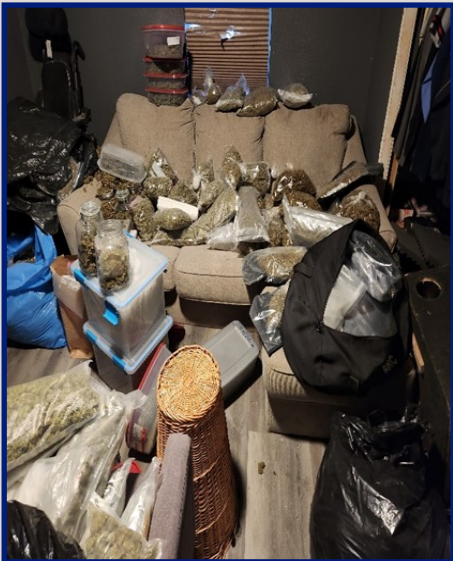

◆ During the 1st quarter of 2023, the Blue Mountain Enforcement Narcotics Team investigated fentanyl, cocaine, methamphetamine and heroin related cases. BENT opened 36 new drug cases, served 6 search warrants, arrested 26 people, seized over \$17,000 in cash, 40 firearms, over 13 pounds of methamphetamine, 66,824 dosage units of fentanyl, a small amount of heroin, over half pound of cocaine, and other prescription controlled substances.

◆ In early January, 2023, Union County Sheriff's Office responded to a residence outside of La Grande, OR regarding the report of a residential burglary. There were items stolen from every room in the home, to include the children's bedrooms, plus the victim's vehicle from a garage, several firearms and other valuables.

BENT assisted the Union County Sheriff's Office in the recovery of stolen vehicles and property. As in most large scale organized crime networks, BENT continued identifying more co-conspirators. BENT learned the identity of multiple suspects involved with burglaries and distribution of stolen property as well as distribution of controlled substances. Burglaries/aggregated thefts by this group had been committed throughout multiple counties in Oregon, Idaho and Washington. BENT had corroborative information about the mentioned suspects being involved with the drug culture of using, distributing, and exchanging stolen property for drugs/money.

At the conclusion of an extensive investigation, BENT executed 5 search warrants (3 residences and two vehicles), recovered 26 firearms, arrested 13 people, and recovered well over an estimated \$150,000.00 in stolen property. BENT seized over 50,000 purported fentanyl laced-pills, over 125 grams of purported fentanyl powder, over 5 pounds of methamphetamine, over 220 pounds of marijuana, over \$13,000 in cash, recovered a significant amount of stolen property ranging from stolen trailers, an off-road motorcycle, construction equipment including welders, generators and tools.

The conservative total street value of the combined narcotics seized, if sold in the area, would be approximately \$1 million dollars. This case involved theft/burglary cases from Richland, WA Police Department, Union County Sheriff's Office, La Grande Police Department, Grant County Sheriff's Office, Walla Walla, WA Police Department, Pendleton Police Department, Morrow County Sheriff's Office, Hermiston Police Department, Umatilla Tribal Police Department, Twin Falls, ID Police Department and the Oregon State Police.

BENT continued

- ◆ On March 14, 2023, BENT concluded a two year long drug investigation with the arrest of a male suspect from Pilot Rock, Oregon.

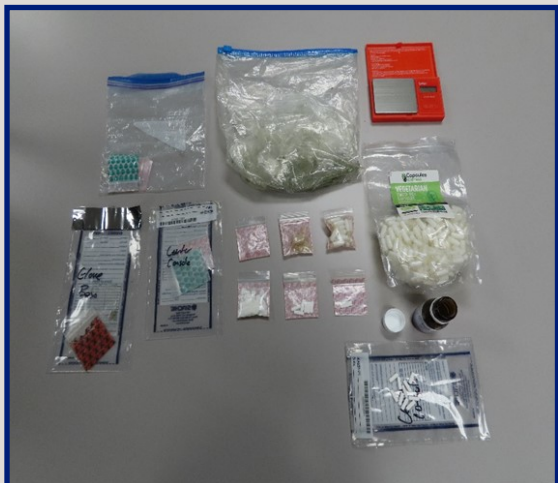

After conducting controlled purchases of narcotics from the male suspect, BENT applied for a residential search warrant and one was granted. At the execution of the residential search warrant BENT arrested a male and female suspect(s), seized 4.3 pounds of methamphetamine, over 3,000 dosage units of fentanyl pills, 3 handguns, and \$2,558.00 in cash.

Pictured right: narcotics, firearms, and cash seized from Pilot Rock, OR residence

- ◆ In March, 2023, BENT detectives conducted an investigation into narcotics trafficking occurring at one of the area high schools in Umatilla County, Oregon. During the course of the investigation, BENT discovered facts which led to the application for and eventual service of a search warrant upon a juvenile student's vehicle identified during the investigation. During the service of the search warrant, BENT seized items indicative of narcotics trafficking, to include quantities of cocaine, MDMA, LSD and Xanax pills all packaged for sale.

This case was investigated in coordination with the Pendleton Police Department and the Umatilla County District Attorney's Office. Due to the nature of the case involving a juvenile, the names, dates, locations, seizures and facts are not being disclosed to protect the identity of anyone remotely involved.

CLACKAMAS COUNTY INTERAGENCY TASK FORCE

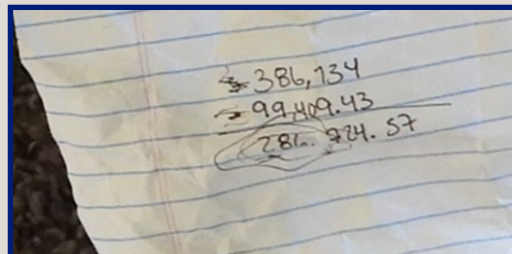

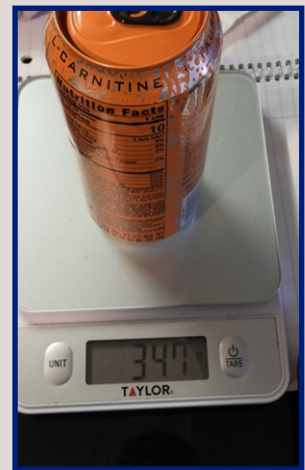

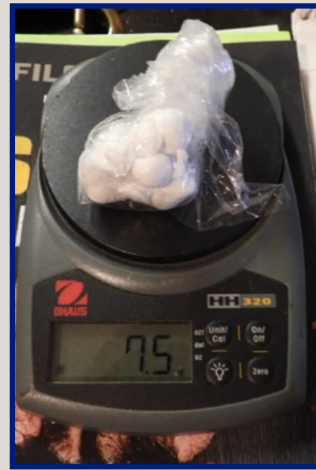

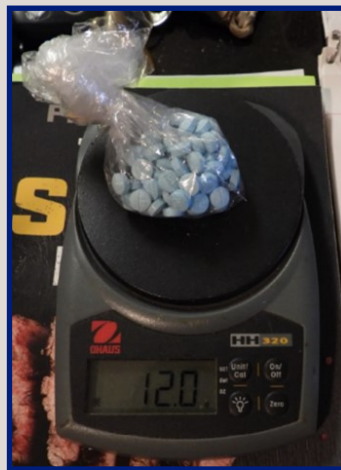

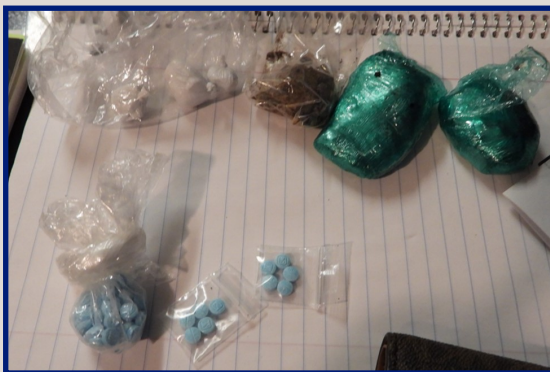

◆ In January 2023, following an approximate six month investigation into a local cocaine dealer (S1), Clackamas County Inter-Agency Task Force (CCITF) executed a search warrant on an apartment in Milwaukie, OR. Utilizing a Confidential Informant (CI), CCITF monitored multiple buys from this source of supply who freely confirmed that drug dealing was the sole source of income for S1. Upon execution of the search warrant, investigators seized over \$180,000 in cash, a 2018 Toyota Camry, multiple firearms, large capacity magazines, and over the course of the investigation, just under 1 kilogram of cocaine, and nearly 10 pounds of processed/bulk marijuana.

Pictured right: cash and large capacity magazine seizure

◆ In October 2022, CCITF began an investigation into two individuals, believed to be brother (S1) and sister (S2), following contact with an individual turned Confidential Informant (CI). With CCITF monitoring, the CI would buy counterfeit oxycodone M30 pills and fentanyl powder by placing the order through S1. S1 would typically deliver the drugs, but occasionally would send S2 to complete the transactions. As the investigation progressed, S1 and S2 utilized at least five different vehicles, as well as an apartment and a duplex in Gresham. S1 and S2 utilized their true names in the vehicle registrations and were tied to the Francisco Morazan Cartel in Honduras.

At the end of March 2023, following numerous CI buys, follows, and surveillance, investigators executed a search warrant on the apartment and duplex, as well as multiple vehicles, and with the assistance of HSI and FBI, seized cash, heroin, fentanyl pills and powder, drug ledgers, packaging materials, and drugs hidden inside a Monster energy drink can. The individuals remain in federal custody.

CENTRAL OREGON DRUG ENFORCEMENT

- ◆ On February 22, 2023, the Central Oregon Drug Enforcement Team (CODE), in collaboration with the Crook County Sheriff's Office and Oregon State Police, concluded a long-term investigation and interstate surveillance operation with the arrest of Christie Armilda Dillman, age 41, of Redmond, Oregon.

Drug agents identified Christie Dillman as a fentanyl and methamphetamine trafficker in central Oregon. The initial investigation alleged Ms. Dillman had been importing large quantities of fentanyl pills and methamphetamine from the Portland area into central Oregon, where she distributed it in the Redmond and Prineville areas. After a surveillance operation throughout Oregon, CODE detectives, with the assistance of Crook County Sheriff Deputies and Oregon State Police Troopers, stopped Ms. Dillman driving a 2016 Ford Edge on N Grizzly Rd at NW Ryegrass Rd, in an unincorporated community of Crook County. At the traffic stop, a Crook County deputy attempted to detain Ms. Dillman. After a brief struggle, she was detained without further incident nor injury. CODE narcotics detection K9 "Bonnie" was deployed and alerted her handler to the presence of a controlled substance within the Ford. K9 "Bonnie" is only one of two K9s in central Oregon trained and certified in detecting fentanyl, in addition to other controlled substances.

Based on the investigation, CODE detectives applied for and obtained a search warrant for Dillman's blue Ford Edge. In addition to the search warrant, Ms. Dillman consented to a search. A subsequent search of Dillman's car located a substantial quantity of methamphetamine, counterfeit Oxycodone tablets made of fentanyl, and currency. At the same time, drug agents executed a search warrant at Dillman's home on the 3000 block of SW Canal Blvd in Redmond. While searching Dillman's home, drug agents located another substantial quantity of fentanyl tablets, packaging materials, drug paraphernalia, and two loaded firearms. Dillman's teenage daughter was also home at the time of the search. The daughter was released at the scene without charges and referred to DHS Child Welfare.

- ◆ On January 26, 2023 Grants Pass Public Safety (GPPS) requested the assistance of the PNVOTF, Medford division in the location and apprehension of Benjamin Obadiah Foster. Foster was wanted by GPPS for the crimes of rape, kidnapping and assault. Specifically, Foster kidnapped an ex-girlfriend, bound, raped, and brutally beat her ultimately leaving her for dead. This was an intensive manhunt that garnered nationwide attention and was conducted by GPPS, Oregon State Police (OSP), Josephine County and the U.S. Marshals Service.

During this intensive fugitive investigation members of the PNVOTF, GPPS and OSP discovered that Foster had brutally murdered two male neighbors that also resided on a rural property.

Joint fugitive investigations conducted ultimately led law enforcement to a residence in Grants Pass, OR. It should be noted that this residence was the residence of the initial rape. Law enforcement confirmed Foster to be at the residence. Containment was established and GPPS as well as Jackson County SWAT was called in for assistance. After an hours long standoff Foster ultimately took his own life.

This case is mentioned to memorialize the working relationship the PNVOTF has with all local agencies.

SPECIAL ASSISTANT UNITED STATES ATTORNEY - IDAHO

- ◆ On February 14, 2023, U.S. Attorney Josh Hurwit (United States Attorney's Office District of Idaho) announced Jacob James Martinez, 33, of Idaho Falls, was sentenced to 188 months federal prison for attempted possession with the intent to distribute methamphetamine.

According to court records, on September 29, 2020, Idaho State Police made a traffic stop of an individual found to be in possession of five pounds of methamphetamine. That individual informed law enforcement that he was going to deliver the methamphetamine to three individuals in southeast Idaho, naming Martinez as the intended recipient of two pounds. The individual had a drug ledger that showed Martinez owing \$5,950 in past drug debts.

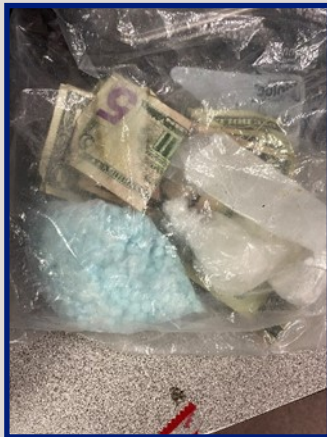

Idaho State Police identified Martinez and stopped him at the location he was set to receive the two pounds of methamphetamine. Martinez was arrested on an outstanding arrest warrant. Law enforcement searched Martinez's vehicle and found him to be in possession of \$6,280 in United States currency, a loaded Ruger 9mm handgun, a drug pipe, and baggies containing methamphetamine and marijuana. Martinez was prohibited from possessing a firearm at the time of his arrest.

U.S. Attorney Hurwit commended the Idaho State Police, Drug Enforcement Administration, and the BADGES/HIDTA Taskforce for their collaborative work on the case.
