

Fentanyl Safety and Awareness **4HRS**

This course is designed to provide law enforcement officers and other first responders an overview of the characteristics and hazards of fentanyl and synthetic opioids as we teach current tactics, techniques and procedures to mitigate hazards to first responders when fentanyl or other harmful illicit substances are present at the scene. This course provides training on the proper use and wear of personal protective equipment, and the basic first aid measures to help prevent and mitigate incidental exposure to synthetic opioids.

Course is FREE
