SYNOPSIS

This course is designed to teach first responders (LE, Fire, EMS, etc.) how to treat and manage trauma patients in a Law Enforcement tactical environment. Utilizing a mix of classroom presentation and hands-on skills practice, attendees will learn how to provide life-sustaining treatments in threatening environments. All course material is based off best practices from the Committee on Tactical Combat Casualty Care (CoTCCC) and Committee on Tactical Emergency Casualty Care (CoTECC).

WRCTC Medical Cadre have over 50 years of Special Operations Forces (SOF) paramedic experience with multiple operational and combat deployments. The WRCTC provides all medical training supplies, high fidelity medical simulations, and high-quality A/V training support. All scenarios are tailored to the operational environment of course attendees to enable maximum training value for all students. Training is “agency agnostic” and mixed classes provide a tremendous opportunity for interagency coordination and exchange of best practices. Provides challenging realistic training to all skill levels.
